

# Tube Cut Nipper

## Features

- The Tube Cut Nipper is capable of smoothly cutting urethane and nylon tubes for piping of pneumatic equipment. (The nipper comes with a tube guide)
- High-class cutter steel assures superior cutting performance and endurance.

## Model Designation

**TCN - 15**

## ⚠ Detailed Safety Instructions

Before using the PISCO device, be sure to read the "Safety Instructions", "Common Safety Instructions for Products Listed in This Manual" on pages 23~24 and "Common Safety Instructions for Tubes" on page 551.

### ⚠ Caution

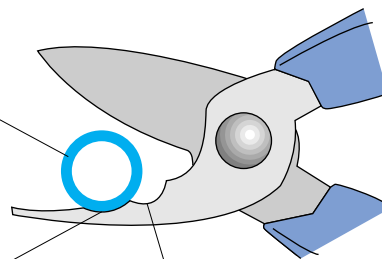

1. When not in use, close and lock the Nipper and keep it away from vibration or shocks which can release the lock. Do not put it in your pocket.
2. The Nipper is specifically designed for use with the PISCO Tubes. Therefore do not use it to cut wires or other objects.

## TCN-15
